

## Policy Summary

Category: Bariatric Surgery

Policy Number: 22

Section Type: Surgery

This is a sample summary section with some placeholder text. Here you can add detailed descriptions or summaries related to the policy. This text can span multiple lines as needed and will automatically wrap to fit within the document's margins.

## Requirements By Product

All of the items listed below are required to have prior authorization.

### Commercial

#### Laparoscopic adjustable gastric banding

|   | CPT/HCPCS | Description                                                                                                                                                  | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43770     | Laparoscopy, surgical, gastric restrictive procedure; placement of adjustable gastric restrictive device (eg, gastric band and subcutaneous port components) | 96.4           |
| 2 | 43773     | Laparoscopy, surgical, gastric restrictive procedure; removal and replacement of adjustable gastric restrictive device component only                        | 2.6            |

#### Laparoscopic gastric bypass using a short-limb (i.e., 150 cm or less) Roux-en-Y anastomosis

|   | CPT/HCPCS | Description                                                                                                                          | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43644     | Laparoscopy, surgical, gastric restrictive procedure; with gastric bypass and Roux-en-Y gastroenterostomy (roux limb 150 cm or less) | 92.0           |

#### Open gastric bypass using a short-limb (i.e., 150 cm or less) Roux-en-Y anastomosis

|   | CPT/HCPCS | Description                                                                                                                         | Confidence (%) |
|---|-----------|-------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43846     | Gastric restrictive procedure, with gastric bypass for morbid obesity; with short limb (150 cm or less) Roux-en-Y gastroenterostomy | 59.9           |

#### Open or laparoscopic biliopancreatic bypass (i.e., the Scopinaro procedure)

|   | CPT/HCPCS | Description                                                                                                                                                                                                      | Confidence (%) |
|---|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43645     | Laparoscopy, surgical, gastric restrictive procedure; with gastric bypass and small intestine reconstruction to limit absorption                                                                                 | 17.3           |
| 2 | 43847     | Gastric restrictive procedure, with gastric bypass for morbid obesity; with small intestine reconstruction to limit absorption                                                                                   | 6.3            |
| 3 | 43845     | Gastric restrictive procedure with partial gastrectomy, pylorus-preserving duodenoileostomy and ileoileostomy (50 to 100 cm common channel) to limit absorption (biliopancreatic diversion with duodenal switch) | 3.5            |

#### Stand-alone open or laparoscopic sleeve gastrectomy

|   | CPT/HCPCS | Description                                                                                             | Confidence (%) |
|---|-----------|---------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43775     | Laparoscopy, surgical, gastric restrictive procedure; longitudinal gastrectomy (ie, sleeve gastrectomy) | 98.9           |

### Fide-Snp Coverage

#### Laparoscopic Sleeve Gastrectomy

|  | CPT/HCPCS | Description | Confidence (%) |
|--|-----------|-------------|----------------|
|--|-----------|-------------|----------------|

|   | CPT/HCPCS | Description                                                                                             | Confidence (%) |
|---|-----------|---------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43775     | Laparoscopy, surgical, gastric restrictive procedure; longitudinal gastrectomy (ie, sleeve gastrectomy) | 100.0          |

## laparoscopic adjustable gastric banding (LAGB)

|   | CPT/HCPCS | Description                                                                                                                                                  | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43770     | Laparoscopy, surgical, gastric restrictive procedure; placement of adjustable gastric restrictive device (eg, gastric band and subcutaneous port components) | 79.5           |
| 2 | 43773     | Laparoscopy, surgical, gastric restrictive procedure; removal and replacement of adjustable gastric restrictive device component only                        | 13.3           |
| 3 | 43774     | Laparoscopy, surgical, gastric restrictive procedure; removal of adjustable gastric restrictive device and subcutaneous port components                      | 1.7            |

## open and laparoscopic Biliopancreatic Diversion with Duodenal Switch (BPD/DS)

|   | CPT/HCPCS | Description                                                                                                                                                                                                      | Confidence (%) |
|---|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43845     | Gastric restrictive procedure with partial gastrectomy, pylorus-preserving duodenoileostomy and ileoileostomy (50 to 100 cm common channel) to limit absorption (biliopancreatic diversion with duodenal switch) | 99.7           |

## open and laparoscopic Roux-en-Y gastric bypass (RYGBP)

|   | CPT/HCPCS | Description                                                                                                                          | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43644     | Laparoscopy, surgical, gastric restrictive procedure; with gastric bypass and Roux-en-Y gastroenterostomy (roux limb 150 cm or less) | 99.6           |

## repeat bariatric surgery

|   | CPT/HCPCS | Description                                                                                                                                | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43771     | Laparoscopy, surgical, gastric restrictive procedure; revision of adjustable gastric restrictive device component only                     | 31.7           |
| 2 | 43848     | Revision, open, of gastric restrictive procedure for morbid obesity, other than adjustable gastric restrictive device (separate procedure) | 27.5           |
| 3 | 43772     | Laparoscopy, surgical, gastric restrictive procedure; removal of adjustable gastric restrictive device component only                      | 14.8           |
| 4 | 43847     | Gastric restrictive procedure, with gastric bypass for morbid obesity; with small intestine reconstruction to limit absorption             | 4.1            |
| 5 | 43843     | Gastric restrictive procedure, without gastric bypass, for morbid obesity; other than vertical-banded gastroplasty                         | 3.6            |
| 6 | 43842     | Gastric restrictive procedure, without gastric bypass, for morbid obesity; vertical-banded gastroplasty                                    | 3.0            |
| 7 | 43846     | Gastric restrictive procedure, with gastric bypass for morbid obesity; with short limb (150 cm or less) Roux-en-Y gastroenterostomy        | 1.7            |
| 8 | 43886     | Gastric restrictive procedure, open; revision of subcutaneous port component only                                                          | 1.1            |
| 9 | 43645     | Laparoscopy, surgical, gastric restrictive procedure; with gastric bypass and small intestine reconstruction to limit absorption           | 1.1            |

## Medicaid Coverage

### Laparoscopic Sleeve Gastrectomy

|   | CPT/HCPCS | Description                                                                                             | Confidence (%) |
|---|-----------|---------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43775     | Laparoscopy, surgical, gastric restrictive procedure; longitudinal gastrectomy (ie, sleeve gastrectomy) | 100.0          |

## laparoscopic adjustable gastric banding (LAGB)

|   | CPT/HCPCS | Description                                                                                                                                                  | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43770     | Laparoscopy, surgical, gastric restrictive procedure; placement of adjustable gastric restrictive device (eg, gastric band and subcutaneous port components) | 79.5           |
| 2 | 43773     | Laparoscopy, surgical, gastric restrictive procedure; removal and replacement of adjustable gastric restrictive device component only                        | 13.3           |
| 3 | 43772     | Laparoscopy, surgical, gastric restrictive procedure; removal of adjustable gastric restrictive device component only                                        | 2.9            |
| 4 | 43771     | Laparoscopy, surgical, gastric restrictive procedure; revision of adjustable gastric restrictive device component only                                       | 2.1            |
| 5 | 43774     | Laparoscopy, surgical, gastric restrictive procedure; removal of adjustable gastric restrictive device and subcutaneous port components                      | 1.7            |

## open and laparoscopic Biliopancreatic Diversion with Duodenal Switch (BPD/DS)

|   | CPT/HCPCS | Description                                                                                                                                                                                                      | Confidence (%) |
|---|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43845     | Gastric restrictive procedure with partial gastrectomy, pylorus-preserving duodenoileostomy and ileoileostomy (50 to 100 cm common channel) to limit absorption (biliopancreatic diversion with duodenal switch) | 99.7           |

## open and laparoscopic Roux-en-Y gastric bypass (RYGBP)

|   | CPT/HCPCS | Description                                                                                                                          | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43644     | Laparoscopy, surgical, gastric restrictive procedure; with gastric bypass and Roux-en-Y gastroenterostomy (roux limb 150 cm or less) | 99.6           |

## Medicare Coverage

### Laparoscopic Sleeve Gastrectomy

|   | CPT/HCPCS | Description                                                                                             | Confidence (%) |
|---|-----------|---------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43775     | Laparoscopy, surgical, gastric restrictive procedure; longitudinal gastrectomy (ie, sleeve gastrectomy) | 100.0          |

## laparoscopic adjustable gastric banding (LAGB)

|   | CPT/HCPCS | Description                                                                                                                                                  | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43770     | Laparoscopy, surgical, gastric restrictive procedure; placement of adjustable gastric restrictive device (eg, gastric band and subcutaneous port components) | 79.5           |
| 2 | 43773     | Laparoscopy, surgical, gastric restrictive procedure; removal and replacement of adjustable gastric restrictive device component only                        | 13.3           |
| 3 | 43774     | Laparoscopy, surgical, gastric restrictive procedure; removal of adjustable gastric restrictive device and subcutaneous port components                      | 1.7            |

## open and laparoscopic Biliopancreatic Diversion with Duodenal Switch (BPD/DS)

|   | CPT/HCPCS | Description                                                                                                                                                                                                      | Confidence (%) |
|---|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43845     | Gastric restrictive procedure with partial gastrectomy, pylorus-preserving duodenoileostomy and ileoileostomy (50 to 100 cm common channel) to limit absorption (biliopancreatic diversion with duodenal switch) | 99.7           |

## open and laparoscopic Roux-en-Y gastric bypass (RYGBP)

|   | CPT/HCPCS | Description                                                                                                                          | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43644     | Laparoscopy, surgical, gastric restrictive procedure; with gastric bypass and Roux-en-Y gastroenterostomy (roux limb 150 cm or less) | 99.6           |

## repeat bariatric surgery

|   | CPT/HCPCS | Description                                                                                                                                | Confidence (%) |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | 43771     | Laparoscopy, surgical, gastric restrictive procedure; revision of adjustable gastric restrictive device component only                     | 31.7           |
| 2 | 43848     | Revision, open, of gastric restrictive procedure for morbid obesity, other than adjustable gastric restrictive device (separate procedure) | 27.5           |
| 3 | 43772     | Laparoscopy, surgical, gastric restrictive procedure; removal of adjustable gastric restrictive device component only                      | 14.8           |
| 4 | 43847     | Gastric restrictive procedure, with gastric bypass for morbid obesity; with small intestine reconstruction to limit absorption             | 4.1            |
| 5 | 43843     | Gastric restrictive procedure, without gastric bypass, for morbid obesity; other than vertical-banded gastroplasty                         | 3.6            |
| 6 | 43842     | Gastric restrictive procedure, without gastric bypass, for morbid obesity; vertical-banded gastroplasty                                    | 3.0            |
| 7 | 43846     | Gastric restrictive procedure, with gastric bypass for morbid obesity; with short limb (150 cm or less) Roux-en-Y gastroenterostomy        | 1.7            |
| 8 | 43645     | Laparoscopy, surgical, gastric restrictive procedure; with gastric bypass and small intestine reconstruction to limit absorption           | 1.1            |
| 9 | 43886     | Gastric restrictive procedure, open; revision of subcutaneous port component only                                                          | 1.1            |
